

# WELLFLEET RECYCLES

**You can protect your vacation environment!**

**PLASTIC POLLUTION IS A WHALE OF A PROBLEM**

**Let's help each other and this beautiful place:**

**bring reusable bags when we shop**

**carry out our trash, recycling, and dog waste from the beach**

**have a compost pile visitors can use**

**refill your water bottle with clean, fresh Wellfleet water**

**ask businesses to phase out plastic and polystyrene**

**use eco-safe products (sunscreens, soaps, detergents, shampoo)**
